An Alfred State degree gets results!

Update; September 16, 2016: We have been getting some posts documenting the harassment of citizens by local authorities in regards to collecting rain water. Iâ€™ve checked these out to the best of my ability, and found most of them to be somewhat accurate. On this blog I do not intend to focus on taking a political stance on the legality or morality of rain water harvesting.

In international law, a sovereign state (or sovereign country) is a nonphysical juridical entity that is represented by one centralized government that has sovereignty over a geographic area. International law defines sovereign states as having a permanent population, defined territory, one government, and the capacity to enter into relations with other sovereign states.
