30 November 2018. European Commission long-term strategy on climate change underpinned by IIASA research . The European Commission has adopted a new long-term strategy, A Clean Planet for all, on how Europe can become climate neutral by 2050 and meet its Paris Agreement commitments, and IIASA research has contributed to the quantitative backbone.

IIASA - International Institute for Applied Systems Analysis

1. Introduction. Global electricity generation has grown rapidly over the last decade. As of 2012, the annual gross production of electricity reached approximately 22,200 TW h, of which fossil fuels (including coal/peat, natural gas and oil) contribute around 70% of global electricity generation , , . To maintain the power network stability, the load balance has mainly been managed through ...
