When Do Human Beings Begin? "Scientific" Myths and Scientific Facts - by Dianne N. Irving, M.A., Ph.D The question as to when a human being begins is strictly a scientific question, and should be answered by human embryologists – not by philosophers, bioethicists, theologians, politicians, x-ray technicians, movie stars, or obstetricians and gynecologists...

Human embryogenesis refers to the development and formation of the human embryo. It is characterised by the process of cell division and cellular differentiation of the embryo that occurs during the early stages of development. In biological terms, human development entails growth from a one-celled zygote to an adult human being. Fertilisation occurs when the sperm cell successfully enters and ...
