Looks like Jeff Rense is catching some heat in an invidious and flat out lying hit piece, intersprinkled with acceptable observations about making serious money off of strange devices and expensive compositions that allege to treat maladies. I don't know one way or the other about the latter except that they all cost a lot of money which... once again is why I don't employ paid advertising at ...

When placed head-to-head against the American Diabetes Association diet, how do plant-based diets fare in terms of not only blood sugar, body weight, and cholesterol control, but also mood and quality of life? Iâ€™ve talked about the role meat may play in increasing the risk of diabetes, and the ...

Holography is the science and practice of making holograms. Typically, a hologram is a photographic recording of a light field, rather than of an image formed by a lens, and it is used to display a fully three-dimensional image of the holographed subject, which is seen without the aid of special glasses or other intermediate optics. The hologram itself is not an image and is usually ...

The Ten Commandments are a series of religious and moral imperatives that are recognized as a moral foundation in several of the Abrahamic religions, including Catholicism. As described in the Old Testament books Exodus and Deuteronomy, the Commandments form part of a covenant offered by God to the Israelites to free them from the spiritual slavery of sin.

Although each stream looks alike outwardly, they are vastly different. The one on the left is known in our literature as the Sons of Cain. They are full of positive energy and are the craftsmen of the world, the three-messengers, who carve their way through life, rather enjoying the obstacles which they know strengthen the character; they
