One of the most consistent things I was warned about many years ago when my husband and I decided to both speak German with our swaddled babe in arms was language delay. Everyone told me not to worry if my son didn't start speaking until later, as bilingual children are known to start speaking later and to be a bit linguistically confused at first.

### **Does Bilingualism Cause Language Delay? | Multilingual Living**

Multilingualism is the use of more than one language, either by an individual speaker or by a community of speakers. It is believed that multilingual speakers outnumber monolingual speakers in the world's population. More than half of all Europeans claim to speak at least one language other than their mother tongue; but many read and write in one language.

### **Multilingualism - Wikipedia**

Sequential bilingualism occurs when a person becomes bilingual by first learning one language and then another. The process is contrasted with simultaneous bilingualism, in which both languages are learned at the same time. There is variation in the period in which learning must take place for bilingualism to be considered simultaneous.
