Positive psychology is "the scientific study of what makes life most worth living", or "the scientific study of positive human functioning and flourishing on multiple levels that include the biological, personal, relational, institutional, cultural, and global dimensions of life". Positive psychology is concerned with eudaimonia, "the good life", reflection about what holds the greatest value ...

Positive psychology - Wikipedia

School discipline is the actions taken by a teacher or the school organization towards a student (or group of students) when the student's behavior disrupts the ongoing educational activity or breaks a rule created by the teacher or the school system. Discipline can guide the children's behaviour or set limits to help them learn to take care of themselves, other people and the world around them.

School discipline - Wikipedia

Guidance and discipline issues are one of the most challenging aspects of any early childhood teacher's work. This 1-hour course will help the student become more knowledgeable about what contributes to problem behaviors in the classroom, and how to work with children most effectively to promote positive behaviors.
