Author's Note THIS BOOIC describes methods for solving arithmetical problems by "quick and easy" routes. These are not intended to replace the more systematic methods familiar to everyone but to supplement them. It is customary in books such as this to include many exercises to develop the reader's confidence and skill in ...

A get-rich-quick scheme is a plan to obtain high rates of return for a small investment. The term "get rich quick" has been used to describe shady investments since at least the early 1900s. Most schemes create an impression that participants can obtain this high rate of return with little risk, and with little skill, effort, or time. Get rich quick schemes often assert that wealth can be ...
