The Science of Radio: With MATLAB and Electronics Workbench Demonstrations, 2nd Edition [Paul J. Nahin] on Amazon.com. *FREE* shipping on qualifying offers. From the reviews: "The notes and problems at the end of each chapter are very helpful. [€] In the final analysis

The Science of Radio: With MATLAB and Electronics

Computer science is the study of mathematical algorithms and processes that interact with data and that can be represented as data in the form of programs. It enables the use of algorithms to manipulate, store, and communicate digital information. A computer scientist studies the theory of computation and the practice of designing software systems.. Its fields can be divided into theoretical and ...

The inherent specificity and electrochemical reversibility of enzymes poise them as the biorecognition element of choice for a wide range of metabolites. To use enzymes efficiently in biosensors, the redox centers of the protein should have good electrical communication with the transducing electrode, which requires either the use of mediators or tedious biofunctionalization approaches.

Direct metabolite detection with an n-type accumulation
