However, the universe is a chaotic place and the gravity from one galaxy, or from a group of galaxies, may disturb the motion of its near neighbors, causing them to collide. But on average, when you compare two large enough chunks of space, the galaxies in one are moving away from the galaxies in the other.

A man said to the universe: Stephen Crane was one of America's foremost realistic writers, and his works have been credited with marking the beginning of modern American Naturalism.

A Man Said to the Universe by Stephen Crane | Poetry

no "æman" for them to bring down and critique. The claim, "æthe universe is indifferent," is not only an existentialist claim"because it means that we must create meaning for ourselves"but also a nihilistic claim in the sense that nothingness has as much power and sway as the meaning we make.
