The Water-Method man is much more organized and better written than Garp and miles above those dreary bear and Vienna stories. And we can understand Irving's expression of pique with editors and others who hold a writer's destiny in their envious hands, for that is how I understand much of Garp to have been.

WATER PROCUREMENT Water is one of your most urgent needs in a survival situation. You can't live long without it, especially in hot areas where you lose water rapidly through perspiration. Even in cold areas, you need a minimum of 2 liters of water each day to maintain efficiency. More than three-fourths of your body is composed of fluids.

WATER PROCUREMENT - Equipped

"The Water-Method Man," a rambling, episodic novel, is held together almost miraculously by the skill of an author who is a born writer. The reader is bombarded with a surfeit of imaginative images, symbols and
